Description: In spite of soaring tuition costs, more and more students go to college every year. A bachelors degree is now required for entry into a growing number of professions. And some parents begin planning for the expense of sending their kids to college when theyre born. Almost everyone strives to go, but almost no one asks the fundamental question posed...

Review: Well documented report on how our colleges and universities with a few exceptions are failing to education their students - mostly because the institutions are unwilling to impose and maintain standards. I retired from a university faculty earlier than I had planned when I began to teach because I believed there was no hope for, no respect for, solid...
